The part-time charges listed are assessed per credit hour. The full-time charges listed are assessed as a single amount for the term.

(1) Undergraduate students enrolled for twelve or more credits will be assessed the full college technology charge. The charge will be prorated for students taking less than twelve credits.

(2) Graduate students enrolled for nine or more credits in colleges that require charges for technology of graduate students will be assessed the full charge. The charge will be prorated for students taking less than nine credits. Graduate students paying the continuous enrollment fee do not pay the college technology charge.
